

SEGS Membership Committee Duties

The SEGS Membership Committee is responsible for:

- maintaining our existing membership base by encouraging members to enjoy society benefits, including educational (and fun) field trips and meetings;
- facilitating our mission to grow and add new members by outreach among other geologists, advocates, and students;
- working with the Treasurer in building our member base by communicating with potential members and directing them to the website for the member application and dues payment using PayPal;
- Communicating SEGS benefits, such as our student grant awards program and scheduled field trips to others that may not be familiar, such as local colleges and science-based organizations; and
- Assisting with outreach services, such as emailing or calling members with reminders to participate and pay annual dues.
